

Medium Tutorial

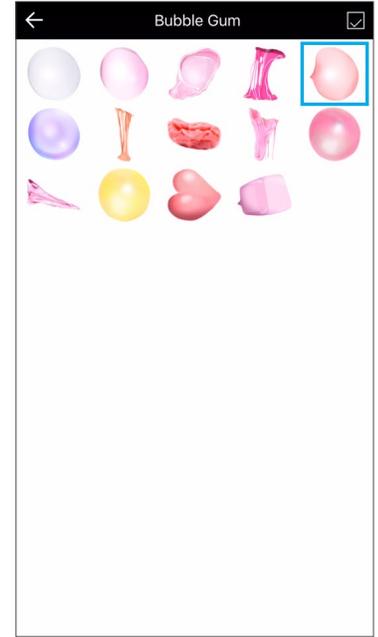

Bubble Gum Heart

Step 1: Open your picture in the photo editor. Use one of your own shots or find one by another user by searching for #FreeToEdit in the app. Tap on the Clipart icon.

Step 2: Select the Bubble Gum pack.

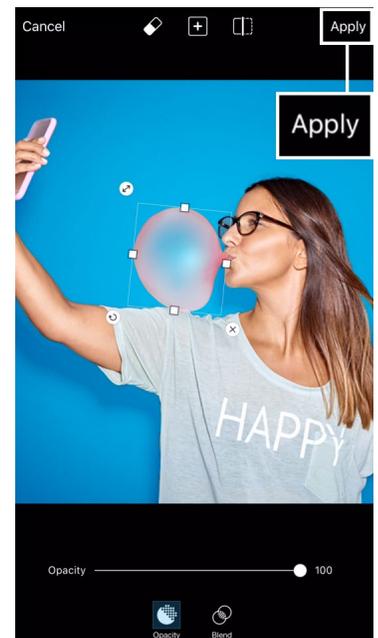

Step 3: Tap on the Clipart you'd like to use.

Step 4: Perform a two-finger pinch to zoom in a bit.

Step 5: Use the arrow icons to adjust the size and rotate the Clipart. Drag it to place it on your picture.

Step 6: Tap on "Apply."

Medium Tutorial

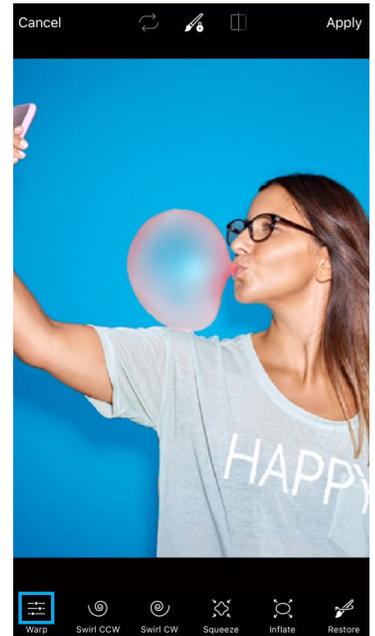

Bubble Gum Heart

Step 7: Tap on the Tools icon and open the Stretch Tool.

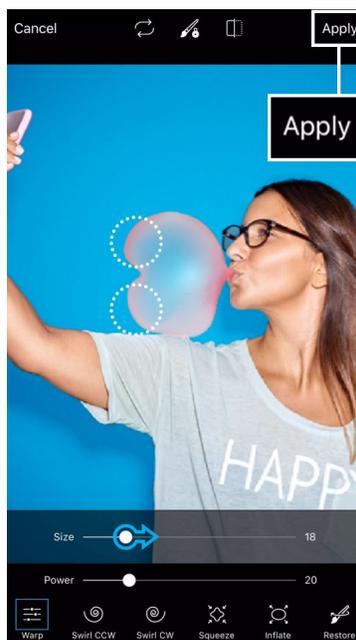

Step 8: Use two fingers to zoom in.

Step 9: Tap on the Warp icon to open the brush settings menu.

Step 10: Use the slider to decrease the brush size. Use your finger or stylus to create an indent on your bubble gum.

Step 11: Increase the brush size a bit and brush out the edges of the bubble gum. When you're done, tap on "Apply."

Step 12: Tap on the arrow icon to finish. Save your picture and share it on PicsArt with the hashtag #BubbleGumHeart!
